CELEBRATING TEN YEARS OF THE TAURUS JUDGE®

AMERICAN-MADE INGENUITY.
GAME-CHANGING DESIGN.
(see page 24)

TAURUSUSA.COM

CELEBRATING A MILESTONE AND BECOMING YOUR EVERYDAY GUN™.

Thanks to the continued support of our loyal customers, plenty of new Taurus® fans and some exciting changes here in Miami, I write to you with the highest of expectations for 2016 and beyond. This year also marks a special milestone, as the Taurus Judge® turns 10 years old. This product wasn't just popular, it created an entirely new category. Today, we're proud of our full family of Judge offerings.

In 2015 we significantly increased sales, while leading brands and manufacturers were on the decline. What drove Taurus' growth? A revolutionary new product (Taurus Curve®), better pricing, improved quality and new investments in our business. The aggressive change in our pricing strategy meant we were able to get back in front of our core consumers and appeal to many new gun owners as well. For those who want a reliable firearm at the right price, we're here to deliver that Everyday Gun™ in a variety of categories.

However, as we all know—price is nice, but if you can't back it up with a product that meets expectations, you will never succeed. Over the last few years, Taurus has made significant strides in quality control. In 2015, we continued the momentum and have improved even more. I'm very proud of the team for their commitment to quality on product that has left our factories during this time period.

Finally, for the first time in the company's history, Taurus has a New Product Development and Engineering team based in the U.S. These individuals bring with them experience from notable firearms manufacturers and a drive to deliver something different. They're passionate shooters and are hard at work to get game-changing products on the shelves soon.

All of this adds up to our goal of becoming your Everyday Gun. There are many different uses and needs that influence firearm selection. Taurus is here to provide you with a great option for each of your needs. We don't want to sell you a firearm—we want to become your Everyday Gun in every category.

Be safe and thank you for your support of our company and, of course, our way of life.

Sincerely,

Anthony Acitelli
Taurus President and CEO

TAURUS SECURITY SYSTEM®

INCLUDED ON ALL REVOLVERS AND PISTOLS

The patented Taurus Security System gives all Taurus firearms an extra level of security with the simple turn of a key. This system is completely inconspicuous and can be utilized at the owner's discretion to prevent unauthorized use of a Taurus firearm. The Taurus Security System is included at no extra charge.

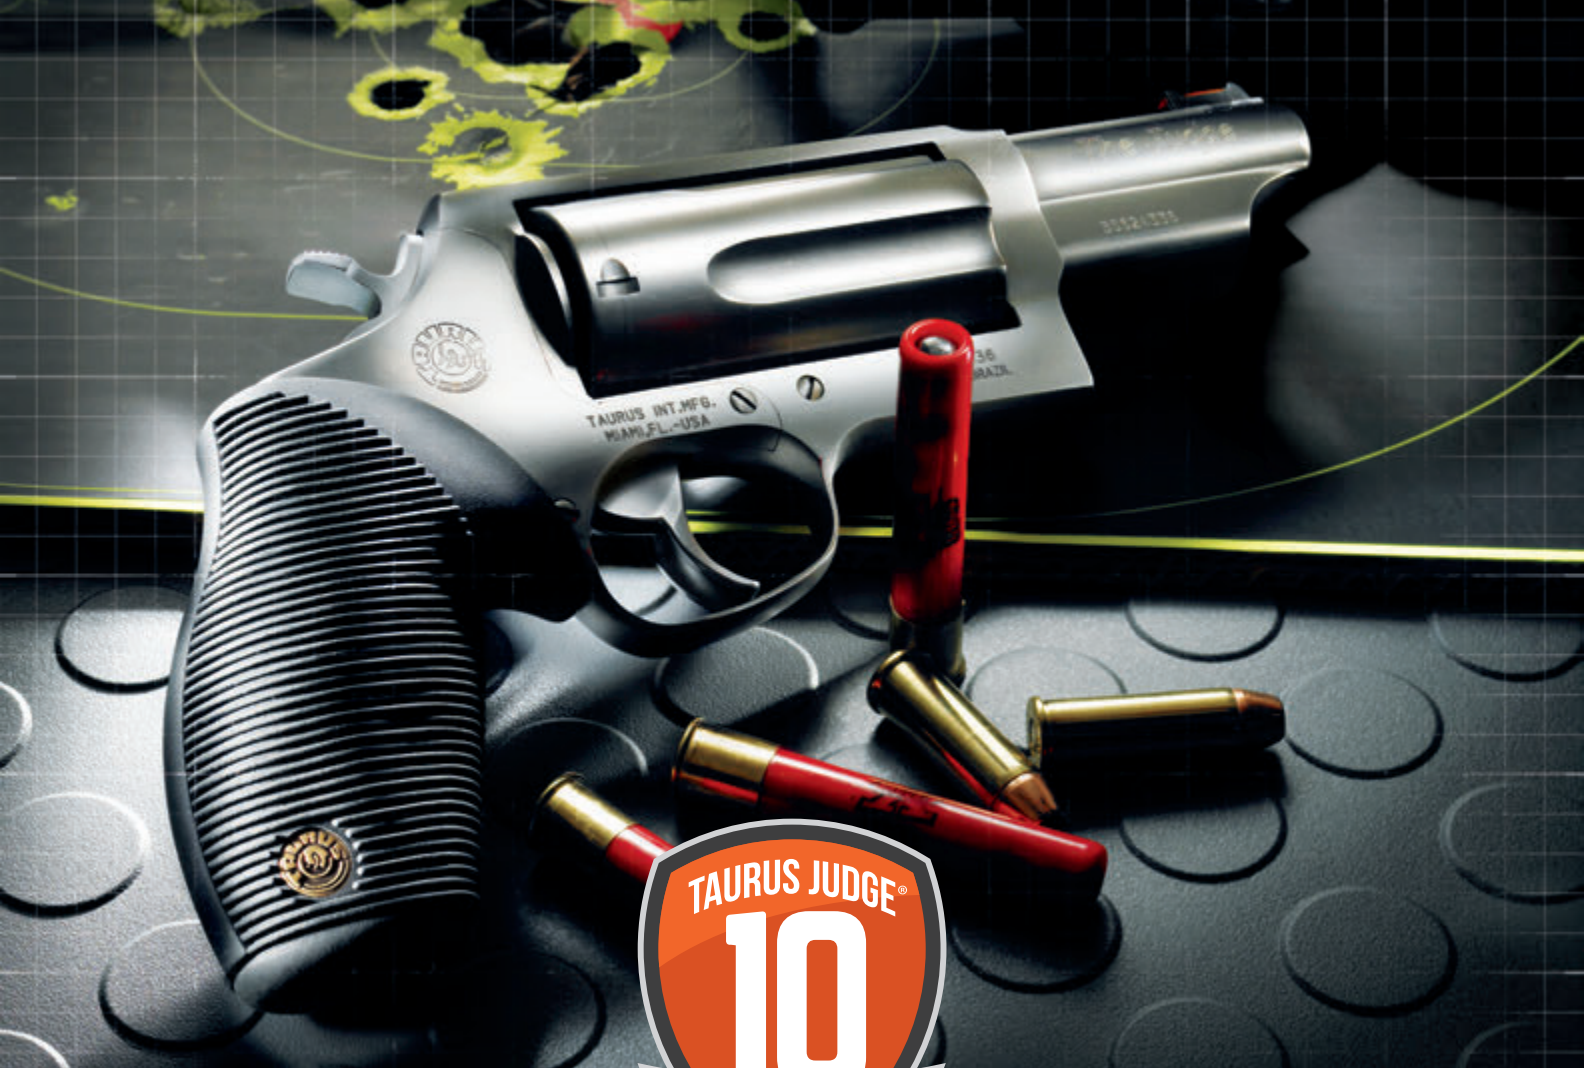
Security Engagement (Locked): Insert the key into the lock mechanism and turn clockwise until a click is felt or heard and the "lock button" protrudes. The firearm is now inoperable.

Security Disengagement (Ready-to-Fire): To place the firearm in a firing condition, insert the key into the mechanism and turn it counterclockwise. The lock button recedes when unlocked. The firearm can now be fired.

THE STORY OF A CHAMPION

JESSIE DUFF
TEAM TAURUS CAPTAIN

Competing—and excelling—in five different shooting disciplines since she was just 15 years old, Team Taurus Captain Jessie Duff is recognized as one of the most accomplished competition shooters in the entire world. A testament to her unprecedented talent and success, Jessie has won more than 40 major championships—including the 2015 Single Stack Nationals and the prestigious Bianchi Cup—and was recently named the first-ever USPSA Female Grand Master. A world-record holder, television personality and inspirational role model to legions of shooters, Jessie remains one of the shooting sports' most coveted athletes. Jessie's go-to competition firearm is a Taurus 9mm Single Stack 1911. Off the range, her everyday carry is a Taurus TCP 738™.



TAURUS JUDGE®
10
YEARS

THE LEGENDARY TAURUS JUDGE® TURNS TEN.

A decade since it was first introduced, the Taurus Judge® still rules. Today, it's available in more than a dozen models. Capable of chambering both .45 Colt and .410 shotshell, it's the original five-shot game changer.

JUDGE US BY THE COMPANY WE KEEP

GUNS&AMMO

Award-winning Guns & Ammo TV, voted by viewers as the Best Shoot Show for four consecutive years, is one of the longest running shooting/ firearms-centric shows on cable television. Co-hosted by Craig Boddington and Kyle Lamb, Guns & Ammo TV features exclusive gun, ammo and optics range reports.

HANDGUNS & DEFENSIVE WEAPONS

Airing on the Sportsman Channel, Handguns & Defensive Weapons combines the most popular features of two of the channel's most well-known shooting shows, Handguns and Personal Defense. It is co-hosted by Rich Nance and James Tarr and covers everything from competition and self defense to pocket guns and long-distance rifles.

AMERICAN RIFLEMAN TELEVISION

American Rifleman is the on-screen version of the National Rifle Association's American Rifleman magazine, "the world's oldest and largest firearm authority." American Rifleman is the pre-eminent source for accurate, compelling, authoritative information on all aspects of firearms and the shooting sports.

NRA ALL ACCESS

NRA All Access connects stories of those who inspire the outdoor world with those who love the outdoors. Through entertaining and educational storytelling, it offers an insider view of the programs, events, entertainers and key issues associated with the outdoor lifestyle.

AT TAURUS, WE CONTINUE TO ALIGN OURSELVES WITH INDUSTRY PARTNERS WHO EXEMPLIFY INTEGRITY, EXCELLENCE AND HIGH STANDARDS AT EVERY TURN.

Fred Eichler brings over 20 years of experience and enthusiasm to the field as he extends his hunting season all year round for predators. Whether it's in the swamps of Florida or the mountains of Colorado, Fred's hunts capture the intensity that only comes from hunting species at the top of the food chain.

Dead Dog Walkin' takes viewers on every stand throughout America, Canada, and Mexico—chasing coyotes, bobcats, badgers and any other predators who want to lobby for their seat at the top of the food chain. Dead Dog Walkin' is an adrenaline rush that will have you itching to get in the truck and hit the hills.

The Fowl Life follows host Chad Belding through America's flyways in pursuit of meeting and connecting with the American Hunter. Viewers are welcomed into each part of the journey from the preseason preparation, long road trips, tips and tactics, world-class duck and goose footage, and behind the scenes of duck and goose camps across the country.

Gallery of Guns TV brings the home shopping concept, but in this case for firearms, to the viewers. This one-of-a-kind show is designed to educate consumers on the unique features and benefits of select firearms from Davidson's GalleryofGuns.com.

Saluting the noble work of our courageous men and women of the Armed Forces, Freedom Hunters reflects the outdoor community's appreciation to the troops by taking select active-duty and combat veterans on outdoor adventures. With help from conservation groups, outfitters, corporations, state agencies and land owners, Freedom Hunters will carry on the American tradition of hunting and fishing with active military personnel across the United States.

HAVA was conceived and organized in 2007 by a committee of shooting sports industry executives to help the healing and re-integration of disabled veterans and injured active military. The ultimate goal is to increase their confidence and hope for the future by reconnecting with their love of the outdoors and the American traditions of hunting and firearms.

WARNING concerning ammunition marked "+P" and "+P+".
Taurus Firearms rated for "+P" ammunition are rated for Sporting Arms and Ammunition Manufacturers Institute (SAAMI) compliant "+P" ammunition. **SAAMI does not recognize any "+P+" ammunition at all. It is DANGEROUS to fire "+P+" ammunition in any Taurus firearm and if you do so you may be seriously injured or killed.**

In addition, it seems some ammunition marked "+P" is not SAAMI compliant either. **There are only four calibers that can carry a "+P" rating from SAAMI.** They are 38 Special +P, 9mm Luger +P, 38 Super Automatic and 45 Automatic +P. **There are no other SAAMI approved "+P" loads.** Any ammunition in any other caliber marked "+P" is not SAAMI compliant, may be dangerous and should not be used.

DANGER FOR "+P+"
Never use "Plus -P -Plus" (+P+) rated ammunition in any Taurus firearm. The Sporting Arms and Ammunition Manufactures Institute (SAAMI) does not recognize such ratings and such ammunition can be very dangerous. Firing such ammunition can cause catastrophic failure in firearms resulting in serious bodily injury or death.

WARNING FOR "+P"
Only fire SAAMI rated Plus P ("+P") ammunition in Taurus Models designated by Taurus for +P use as below. Firing +P ammunition in other Taurus products may be dangerous and can result in serious bodily injury or death.

- Model 85 (most models) small frame revolver in 38 Special
- Model 850 small frame revolver in 38 Special
- Model 851 small frame revolver in 38 Special
- Model 85 Polymer small frame revolver in 38 Special
- Model 82 medium frame revolver in 38 Special
- Model 817 medium frame revolver in 38 Special
- All firearms chambered in 38 Super Automatic
- All firearms chambered in 45 Automatic (ACP)
- All firearms chambered in 9mm Luger

WARNING
Even if your Taurus firearm is rated for Plus-P ("+P") ammunition, such ammunition generates pressures significantly in excess of the pressures associated with standard ammunition. Such pressures may affect the useful life of the firearm or exceed the margin of safety built into many firearms. Unless you need +P ammunition, do not use it, particularly for practice.
